Why Support Riverview?

Sponsorship dollars are used to make life better for our residents and our patients. Your dollars are used to fund:

- All "quality of life" activities offered by Riverview. There is a saying that all people need something to do, something to look forward to, and someone to share the experience with; RHC recreation facilitators work hard to provide all three components, 7 days a week, 52 weeks a year.
- Access to state of the art equipment when regular funding resources fall short. Anytime RHC staff members are able to use analytical medical equipment that is less invasive because of an item purchased with donor dollars, our patients say thank you.

YES; we want you and your guests to have a great time!

If you are having a good time you are more receptive to our message. Our event is one of the best methods:

- To speak directly to a group of supporters about the work going on at Riverview; with awareness comes increased support.
- To introduce the audience to one of our deserving volunteers; highlighting a volunteer encourages others to step up and participate.

Thank for your continued support!
